(d) what is the production cost of raw jute per metric tonnes at present?

THE MINISTER OF STATE OF THE MINISTRY OF TEXTILES (SHRI KHURSHID ALAM KHAN): (a) A statement is attached. (See *below*.)

(b) The Jute Corporation of India has already procured over 15 lack bales of raw jute so far which is substantially higher than the highest ever recorded during this period in the past.

(c) So far as production of raw jute during 1985-86 season is concerned, the final estimates as published by the Ministry of Agriculture, are not yet due.

(d) The Commisson for Agricultural Costs and Prices while formulating their recommendaions on price policy for raw jute for the year 1985-86 have stated that the updated cost of production of raw jute works out to about Rs. 208 per quintal for West Bengal and Rs. 212 per quintal for Assam .

Statement

With the harvesting of a bumper crop of raw jute this season, prices have declined to support level in almost all up-country markets. With a view to protect the interest of jute growers, the following steps have been taken:—

(i) The Jute Corporation of India has been directed to undertake large scale purchases of raw jute at minimum statutory prices fixed by the Government;

(ii) Sufficient credit has been placed at the disposal of Jute Corporation of India for undertaking price support operation;

(iii) A directive has been issued on 6-9-85 by jute Commisioner to all working jute mills in the private sector to build up stocks of raw jute up to specified levels so as to step up purchases of raw jute by mills;

(iv) The Jute Corporation of India has been permitted to export a limited quantity of raw jute.
